

August 31, 2026
Saison Technology Co, Ltd.,

Dear Valued Customer,

Subject: HULFT-WebConnect License Price Revision

Thank you for your continued support of our products.

We are hereby notifying you that we will be implementing a price revision for our HULFT-WebConnect service effective October 1, 2026.

Since the release of HULFT-WebConnect Ver. 3 in August 2020, we have strived to maintain the current pricing for six years. However, due to the sharp rise in dollar-denominated cloud infrastructure procurement costs resulting from recent rapid exchange rate fluctuations, as well as increases in various maintenance and operational expenses, it has become difficult for us to maintain the current pricing.

Therefore, to continue providing our customers with safe, high-quality services on a sustainable basis, and to promote the stable operation of our system and further functional improvements, we will be implementing the price revisions outlined below.

We deeply appreciate your continued understanding and support. We look forward to your ongoing patronage and thank you for choosing us.

Sincerely,

Details

1. Price Revision Sections

	1001～	Please contact us			

Please note that the above pricing applies to the Japanese market only. For international purchases, prices will be listed in U.S. dollars (USD).

2. Effective Date of Price Revision

Applies to contracts and renewals on or after Thursday, October 1, 2026

3. Transitional Measures for Customers with Existing Contracts

Customers who have entered into or renewed a contract with a start date on or before September 30, 2026, may continue to use the service at the current price until their “next contract renewal date” following the effective date of the price revision. The revised price will apply at the time of the next renewal.
